Assisted Living Plus Service

Accessible Space, Inc. (ASI) is a nonprofit organization incorporated in 1978 to provide affordable, accessible housing and twenty-four hour care services to low-income adults as an alternative to higher cost institutional care. The core of ASI's philosophy is self-reliance.

Assisted Living Plus (24-Hour Customized Living) Service is available for adults 18 and older in St. Paul, Roseville, New Brighton, Mounds View, Brooklyn Park, Champlin, Minneapolis, Bloomington, Rochester, Grand Rapids, Duluth and St. Cloud, Minnesota in select home and apartment settings. Kenosha Drive Apartments in Rochester offers service for persons 62 or older.

Residents with mobility impairments and/or brain injuries or similar cognitive disabilities have access to on-site Resident Assistant Staff twenty-four hours per day. Services are directed by the resident and may include service coordination, help with activities of daily living, medication set up and administration, housekeeping, laundry, meal preparation, essential shopping, activities and behavior management. Residents with brain injuries or similar cognitive disabilities have access to additional supportive services.

Residents choosing Assisted Living Plus Services enjoy increased independence and greater flexibility utilizing staff availability on a 24/7/365 basis to assist with scheduled and intermittent cares. The services are supervised by a Site Nurse who works with the resident to develop an individualized care plan and coordinated by a Site Supervisor who works with the resident to implement the care plan.

Eligibility and Funding: Applicant selection is based on the admission criteria, suitability for the services offered, and qualification for Assisted Living Plus Service. Applicants must meet low-income guidelines established by the United States Department of Housing and Urban Development (HUD). Qualifying households pay only 30% of their gross adjusted monthly income for rent. Minnesota Medicaid (Medical Assistance) funding for payment of the Assisted Living Plus Service is available through either County Human Service Agencies (Home and Community Based Waiver Services), or arrangements may also be made with ASI to privately pay for Assisted Living Plus Service.

The mission of Accessible Space, Inc (ASI) is to provide accessible, affordable, independent and supportive living opportunities for persons with physical disabilities and brain injuries, as well as seniors. This mission is accomplished through the development and cost-effective operation of cooperatively managed housing, supportive living and rehabilitation services.
